

You Make Me Feel

Toni Gonzaga

It's been so long since I wrote a song
Can't find the right words since I came along
You walk right through me, it all happened so fast
Who would have thought that we have been last

I didn't see it, I guess it is true
Someone in this world came love me like you do

You make me feel love in it's for real when you hold me still
You make me feel I am beautiful 'cause so wonderfully that
You make me feel I am so complete, you are all I need
I'm sayin' how it's really it is, how sweet it is...
To be loved by you... ohhh... mmmm...

I have been hold on, I have been down
I've always thought that nothing would last
You're more than that easy, it wasn't that fast
Since you walked in my life, it was all in the past

I couldn't see it but now I know it's true
Someone in this world came love me like you do

You make me feel love in it's for real when you hold me still
You make me feel I am beautiful 'cause so wonderfully that
You make me feel I am so complete, you are all I need
I'm sayin' how it's really it is, how sweet it is...
To be loved by you... you, you, you

You make me feel love in it's for real when you hold me still
You make me feel I am beautiful 'cause so wonderfully that
You make me feel I am so complete, you are all I need
I'm sayin' how it's really it is, how sweet it is...
To be loved by... you... ohhh woah woah, you, you, you

How sweet it is boy, how sweet it is
You makin', you makin', you makin', you makin' me feel so alive
You make me feel, love is for real when you hold me still
You make me feel, I'm beautiful, so wonderfully
You make me feel so complete that's why I love
