

## Open Up Your Eyes

Tonic

Choosing stones  
Big enough to drag me down  
Where I am  
People's voice's make hollow sounds  
Just be quiet  
They'll go away  
Open up your eyes  
Don't let your mind tell the story here  
Open up your eyes  
Just let me go  
It's so safe  
It's so safe floating in the glass  
While above  
While above all your troubles pass  
Just be quiet  
They'll go away  
Open up your eyes  
Don't let your mind tell the story here  
Open up your eyes  
Just let me  
Open up your eyes  
Don't let your mind tell the story here  
Open up your eyes  
Just let me go, let me go, let me go  
Open up your eyes  
Just let me go
