

Life Is Beautiful

Tony Bennett

What to say
Where to start
I'll just tell what's in my heart

Life is beautiful
In every way
Life is lovely
As a spring bouquet

Since I fell in love with you
Life is like a dream
That has come true

For life is sunshine
Smiling brightly
On a summer day

Life is rainbows
Chasing all the clouds of gray

Life is beautiful
And fine
But darling,
Only because you're mine
