

## Two by Two

Tony Bennett

Two by two by two  
Everybody is two by two by two  
Everybody is him and her  
Everybody is he and she  
Everybody is on and on  
Two by two and cookie makes three

One has none to lose  
By myself I can say and do what I choose  
But it's funny when all is said and done  
One and one make one  
Have you heard the news  
The world goes on by twos

One has none to lose  
By myself I can say and do what I choose  
But it's funny when all is said and done  
One and one make one  
Have you heard the news  
The world goes on and on and on and on  
The world goes on by twos

The world goes on and on and on  
The world goes on by twos
