

## 10,000 Times

Tony Carey

I know about your daydreams  
Cause I hear them everyday  
I know you're waiting for Mister Clean  
To carry your heart away  
Can anybody get through to you?  
Baby nobody wants that more than I do

10,000 times I've heard you cryin' you cryin'  
10,000 times I heard you lyin' you lyin'  
10,000 lonely nights I wonder why, why  
How could anybody just sit still and watch you die, die

The thing about the first one  
Is its always free  
You hold the reigns, oh no not that  
Could never be me  
Can anybody get through to you  
Baby nobody wants that more than I do

10,000 times I've heard you lyin' you lyin'  
10,000 times I heard you cryin', you cryin'  
10,000 lonely nights I wonder why, why  
How could anybody just sit still and watch you die, die

What can I say to you  
When you don't see it  
And the rest of us do  
I can lock your toys away  
But I can't tell you when to go out and play

10.000 times  
10.000 times  
10.000 times  
10,000 lonely nights I wonder why, why  
How could anybody just sit still and watch you die  
10.000 times  
10.000 times  
10.000 times
