

Katy Be Mine

Tony Carey

I been tryin' to work you out
But you're much too hard to track
I say don't keep me waiting don't shut me out
You say hey let me call you back

Yeah but I'm not hungry
I'm not hungry
I'm only dyin' here
Only dyin' here
Katy I'm not lonely
I'm not lonely
But baby I need you here
But baby I need you here
Right here

Katy you know we're only wastin' time
Only wastin' time
Katy don't fight it girl, we both know that you're mine
Katy be mine - all mine

I keep thinkin' I can hear your voice
I'm hopin' I see your face
Katy, you left me cold didn't leave me a choice
Down here in my place

Yeah but I'm not hungry
I'm not hungry
I'm only dyin' here
Only dyin' here
Katy I'm not lonely
I'm not lonely
But baby I need you here
But baby I need you here
Right here

Katy you know we're only wastin' time
Only wastin' time
Katy don't fight it girl, we both know that you're mine
Katy be mine - all over baby

And Katy
Do I have to crawl to you
Have to crawl to you
I bet you want it all and you
Want it all
You made me stumble, I'll fall for you
But oh Katy it's all for you, for you

Katy you know we're only wastin' time
Only wastin' time
Katy don't fight it girl, we both know that you're mine
All mine

Katy you're mine
Only wastin' time
Katy don't fight it girl
We both know that you're mine

Katy be mine - all mine
C'mon Katy be mine
Katy be mine
You're mine, you're mine, you're mine
Katy be mine
You're mine, you're mine, you're mine
Katy be mine
