

# Like a Rock

Tony Carey

Hey la, yeah

I was aimin' for a motherlode strike  
I guess I aimed in vain  
You tell me  
If they're all wrong does that mean I'm all right  
Have I been fooled again

You know I don't like it when the world gets cold  
I want to change my life  
Be strong be bold  
I never thought that I would meet someone  
Who could make me believe that I'm the only one

She's like a rock to me  
She's all I really want a woman to be  
Like a rock to me  
Yeah she lays me down, makes love to me  
Well - she's like a rock to me  
Like a rock to me  
Like a rock to me  
Hey la  
Like a rock to me  
She's like a rock to me

Now listen

If I'm thinkin' 'bout givin' it up  
If I'm lookin' for a fight  
Well  
If I get lost or all messed up  
She smiles it comes out alright

You know I can't dance, I talk too much  
I'm always comin' at her from the bottom of my cup  
But man she dances  
She talks just enough, she don't need promises  
Or none of that stuff

She's like a rock to me  
She's all I really want a woman to be  
Like a rock to me  
Yeah she lays me down, makes love to me  
Well she's like a rock to me  
Like a rock to me  
Like a rock to me - hey la  
Like a rock to me  
She's like a rock to me

There ain't no warm place I can go  
My friends don't know me when I get that low  
She took me home, she took care of me  
She made me more than I could ever be

She's a rock to me, to me  
She's like a rock to me  
She's all I ever want a woman to be

Hey la, hey la  
Hey la  
Well she's like a rock to me  
Like a rock to me  
Like a rock to me hey la  
She's like a rock to me  
Like a rock to me  
Like a rock to me

She's everything I ever want  
Everything I need  
Everything I need  
Like a rock to me  
She's everything I ever want  
Everything I ever need  
Everything I need  
A rock to me  
Hey la
