

Many A Mile To Go

Tony Carey

I'm out on the highway with the radio on
Spin through the numbers for a drivin' song
There's a time to build it up a time to let it lay
A time to hang tough a time to go away

But it's all right, it's all right
Got a long long road to drive tonight
It's okay I'm headed her way
I think I see the end in sight tonight

Took me by surprise
Looked me over like
Somebody's second prize
She was a tough old girl
With iron in her eyes
Queen of the road in a trucker's paraidse

But it's all right

Tell my children not to be afraid
Tell them over and over I'll be back this way
Just tell 'em I love them and hope they understand
I was born a drivin' man

Many a mile to go
