

Natalia

Tony Carey

She was brown eyed and she was soft
she was magical but she was lost
and I knew she was to wild to stay
but she's taken the best of me away

she loved action and city lights
and she left me in circles she owned the night
well I knew she was to wild to stay
and she's taken the best of me away

ohhhh natalia run
I can't catch up to you
ohhhh natalia run
do you know what's chasin you?
natalia

she had secrets and mysteries
and she lived like she came carried on the breeze
but I knew she was to wild to stay
and she's taken the best of me away

ohhhh natalia run
I can't catch up to you
ohhhh natalia run
do you know what's chasin you?
ohhhh natalia run
I can't catch up to you
ohhhh natalia run
do you know what's chasin you?
natalia

but you never stayed one place to long
your spirit drives you on and on
and I'm so empty since you're gone
natalia

ohhhh natalia run
I can't catch up to you
ohhhh natalia run
do you know what's chasin you?
ohhhh natalia run
I can't catch up to you
ohhhh natalia run
do you know what's chasin you?
natalia
chasin' you
