Take a glimpse in the mind of the era's best hustler
Cold king, visionary and Marcella
My base in Marcella I found more bricks
But all I see I go bags when she catch flips
I change flows every fucking chance I get
My dogs in front line shake of ticks
Move, roll on tape brazilian bitch
I like 'em black, white, puerto rican or asian
Ford or Buggati put a ford out OG
We rollin' she rollin'
Pretty mama and she holding
Ganjaboi sweet, and some bitches and some trojans
And some bitches and some trojans
You know they all freaky and the phone blowing up
'Cause her man know she creepin'

All these bitches in
