

Stay Strapped

Tony Yayo

Money make a girl full of that
Jesus died on a cross next to criminals
45 a.c.p by the genitals
In this modifying,
A silent homage execution style right between the eyes
Mint suite 2 brazillians bitches hopped out
They wanna stop my balling, lock out
Recession, heart full of turmoil
Niggaz try to take yours let them bullets burn on you
Fake friends turn out to be hoe niggaz
20 mill in liquid funds I show niggaz
El chapo rich through the pipe line
They eye rate they hate from the sidelines
I grab the world by the fucking shoulders
If everybody bossed up, who the fucking soldiers
I'm in vegas nevada in a cosmo
Me and p-reala got 20 hoes
Fo sho
