

By Your Side

Tonya Graves

As you drive away
I'm thinking I should ask you to stay
But my foolish pride
Says that it would be a mistake
Want you to change your mind
Come back here and stay a while
Oh what I would give

Show me how to laugh again
The world's much better when I see you smile
You're the sun on a cloudy day
Stay be my side
Show me how to live and laugh again
Say there's no reason pretend
Everything feels so easy now
Here by your side

Please don't go away
I know now that I want you to stay
Oh and by the way
I'm thinking that it would be ok
If we shared some wine
And stared up at the stars tonight
Oh, what I would give

Show me how to laugh again
The world's much better when I see you smile
You're the sun on a cloudy day
Stay be my side
Show me how to live and laugh again
Say there's no reason pretend
Everything feels so easy now
Here by your side
It just feels so right
Will you
Show me how to laugh again
Say this moment never has to end
Everything feels so easy now
Here by your side

And when I start the day
First thing I want is to see your smile
Oh, what I would give

Show me how to laugh again
The world's much better when i see you smile
You're the sun on a cloudy day
Stay be my side
Show me how to live and laugh again
Say there's no reason pretend
Everything feels so easy now
Here by your side
It just feels so right
Will you
Show me how to laugh again
Say this moment never has to end
Everything feels so easy now

Here by your side
