I gotta get a bitch and get my dick sucked  
I pull heat from the heat rub  
All I fuck wit is gangstas and strippers  
She's a killa and a sweet thing  
Set a nigga up wit the money and g-string  
Now throw them G's up  
And tell a bitch get up off your knees slut  
Cuz we get rowdy tonight  
Them scary motherfuckas know how we like to fight  
Thats why they leave when we show up  
Then all you little bitches see me and hoe up  
Square people don't want me around  
We get crunked in the A we go dumb in the town
