

# Get Ya Money

Too \$hort

You gon' be a star baby, no doubt about it  
They love you - listen to 'em, look at 'em  
They want yo' fine ass girl  
I like the way you do that dance baby  
I'ma show you how to get up there  
and get yo' money though, I'ma show you how to get it

When I snap my finger man, girls start jinglin  
I see 'em swingin and, I stick my finger in it  
What you brang wit it? Big booty lean wit it  
In between it, guess who I seen in it?  
It was me in the mirror fuckin doggy style  
It was her on my dick goin hella wild  
I snap for this; I snap for that  
I don't want the bitch, you can have her back  
Cause all I wanna do is just make some cash  
And all she wanna do is just, shake some ass  
One snap {SNAP} I got it like that  
When I'm in the house I have 'em droppin that cat  
Down to the flo', she's a pro  
You wanna hit the V.I.P.? We can go  
If you tryin to get a nigga, to give you some money  
then get butt naked, and dance for me!

So you wanna shake that ass girl?  
Put a tax on that money maker  
Make them pay a pretty penny for it  
and keep them low while they checkin for ya (get ya money)  
I put a tax on it, put a tax on it  
Put a tax on that money maker  
Put a tax on it, put a tax on it  
Put a tax on that money maker (get ya money girl)

You look dangerous baby, don't hurt nothin  
Do that dance girl, shake it like it's worth somethin  
Who said you ain't shit? I don't feel him  
If you asked me, the pussy's worth millions  
You can even get famous with 'em  
Get a loan from the bank like Jenna Jameson  
She used to strip at the strip club  
and now the bitch is rich as fuck  
... I guess you not a hustler  
These other bitches out here, ballin like a motherfucker  
You still fallin for them suckers huh?  
Them niggaz paid, and you don't want nuttin from 'em  
Don't be scared! He ain't tough  
Just shake that ass like you goin bankrupt  
Your momma used to throw it like that  
You bounce that booty hoe and don't hold back

You got a pussy and you broke?!  
You try to dance naked, they say what you do it fo'?  
You tried to strip, it didn't work  
Cause you still ain't got no motherfuckin money in yo' purse  
Now some of us we don't know who we are  
You're not a stripper, you a movie star (porno)  
You like the hustle, always workin hard

Why you ridin that cab, you cain't afford a car?  
Yo' nigga's paid but you don't touch no cash  
Cause all he wanna do is just fuck yo' ass  
You can't even USE his car  
You be waitin on that nigga when they close the bar  
And if he don't pick you up, you've gotta call a cab  
and get a motel room, it's not - all that bad  
Cause one day you might be able, to ball at last  
when you figure out what to do with all that ass!!

[Chorus]
