Too \$hort

Nasty bee-yatch
Let's go niggaz don't know what to deal a hoe
You just a tramp hoe

But you might catch me exquisite at the bar
You're the finest that I seen thus far
So, won't you come on in, Shorty you can bring your friend
Just let me finish off my double shot shot of Henn
We can leave now the sport begins, on you

It's time to fuck baby, jump in the truck baby
'Cause I been wantin' to tear yo fine ass up lately
You like your dicks big, you like the way they taste

I won't waste your time if you don't waste mine
Let's keep it funky and live, just like the bass line
My girl I'll lick your clit, the bitch is on this shit
Close your eyes you'll swear you're fuckin' in a porno flick

The way you want my dick, you got my thing hard
You got skills, you should win an ABN award
I got my playing card, it's the two of spades
Deuce is wild, check it out, and you was laid
Now we moanin' and groanin' screamin' and hollin'
All them super top notches, yeah, you'll see who they followin'
Big Dog will make you open your eyes wider
'Cause this dick is like the big thick pipe piper, let's go

No I don't like calamari and no I don't eat caviar

Missionary, on top, from the back, roll you over
You just keep hupmin' and I keep pumpin'
Then I ride around my body 'cause my beat's bumpin'

And I heard all about you, little nympho

Pussy like Niagara Falls, they say you love it all
So when I nut, suck my dick, bitch, and rub my balls
'Cause I'm nasty too you'd better ask it's true
It's a one time shot, I'm just passin' through
Don't be shy, don't be stingy, don't be holdin' back
And don't get hooked on the dick, like you're smokin' crack
Just keep doin' what you doin', don't change a thing
And you'll see how much love this pimp game can bring, let's go
