Heyyy! Strip down to your asshole
Whoa, more excitin than the last hoe
Just pop that pussy and shake that ass

You got dem heels, do that A-Town lady stomp
You ain't white bitch, must be them razor bumps
Stop shavin that cat girl
You might need to get it waxed girl
I saw enough of you the other day, you need to go the other way
Everything looks good on the hoe but her face
Turn back around girl
Before you drop it to the ground girl
I wanna see you down on all 4's, what you got on drawers for
That's daytime shit, hit the club when the mall close
And drop them panties girl
Your pussy feelin better now ain't it girl
Hear the crash from the cymbal when your ass start to tremble
Wanna ride with a pimp, blowin hash out the window
Better make my night happy
Or it's gon' be some problems like Lil' Scrappy
You know the drill!

You gotta turn a nigga on when you dancin to the song
I wanna get you all alone in the mansion in a thong
Lemme see that pussy hoe
You think you got what I'm lookin fo'?

Ain't no way we goin to sleep, not befo' we see the sun
Can you make that happen girl?
I'm all night, all day with this mackin girl
I wanna see you do that dance when you swing on the pole
Put your ass in my hands, put my thang in your hole
Now shake that ass girl
But don't do it too fast girl
You know the drill!

You make me feel like we fuckin and we still in the club
You probably have a trickin millionaire really in love
Let me see that pussy girl
Now let me see how you touch it girl
You act like you wanna fuck when you back it up
Make my dick get bigger than a mack truck
