

# Dragon

Tori Amos

Don't tell me  
A woman did this to you  
Candy lies  
Candy lies  
Candy lies

You touched my hand  
I felt a force  
You called it dark  
But now I'm not so sure

Just stay awhile  
Stay awhile  
Stay awhile

Why don't you  
Stay awhile  
Stay awhile

Stay awhile

Cause your wild card Boy needs playing  
Don't believe the lie  
Your Dragon needs slaying  
Won't you lay here with me  
And I will bring  
Kisses for the beast

Lay here with me  
Here with me

Don't tell me  
A woman did this to you  
Candy lies  
Candy lies  
Candy lies

When I look back over  
Documents and pages  
Ancient savageries

Christened those inflated.  
Now it has come to light  
The Gods they have slipped up

They forgot about the power  
Of a woman's love  
Just stay a while  
Stay awhile

Stay awhile  
Why don't you  
Stay awhile  
Stay awhile

Stay awhile  
Cause your wild card Boy needs playing

Don't believe the lie  
Your Dragon needs slaying

Won't you lay here with me  
And I will bring  
Kisses for the beast  
Lay here with me  
Here with me

Don't tell me  
A woman did this to you

Candy lies  
Candy lies  
Candy lies  
Candy lies  
Forgive my  
Candy lies
