

Lost in a black hole
I don't have to feel alone
Wouldn't never leave, it was on
Wouldn't never leave, it was on
How you gonna wait for the down low
You wouldn't even know how to get a hold
You don't even know what a switch is
You don't even know where the lights flow [?]

You don't even act like you know
How you gonna fake out this room
You don't even act like you know
How you gonna fake out this room

Wish you were the one lookin right through me
Till the young don't turn a tory [?]
Waitin every second for the down low
Every single photo

Lost in a black hole
I don't have to feel alone
Wouldn't never leave, it was on
Wouldn't never leave, it was on
How you gonna wait for the down low
You wouldn't even know how to get a hold
You don't even know what a switch is
You don't even know where the lights flow [?]

Wake up without a feeling
Now I don't know where to go
This is what I'm feeling
Someone is waiting for me
