

Fading

Toro y Moi

Ooh, ooh
Ooh, ooh
Ooh, ooh

Oh, you are something I feel
I can't help but notice you
Feeling nothing now

Oh, you are something I feel
I can't help but notice you
I can't be away, one more night

I can make you stay if I try
Everything is fading, fading, fading
Guess I gotta have that faith in, faith in

I can make you stay if I try
Everything is fading, fading, fading
Guess I gotta have that faith in, faith in
