

## lesson 223

Toro y Moi

I really wanna try to help you out  
And if you knew I didn't then why did you never try to settle d  
own  
Your time is lost, and now you'll never know what's after now  
But I know it doesn't matter cause this is not important  
What should you be learning

Right from wrong, good from bad  
Safe from harm, and out of doubt

Yeah I gotta few mistakes and I wanna shake em off to you  
No I didn't mean it  
That's cause I would need 'em  
For a light to hold on

Please forgive a giver and replace a ticket, 'cause of you it's  
gone  
You know how it is, you simply replace  
You gotta know what you've learned

Right from wrong, good from bad  
Safe from harm  
And out of doubt
