

She's the only one he knows, the rest of him watching go
He's not a television watch, you can get him back

Everyday is like this, no one gets nowhere
Everyone is like this, no one gets nothing like you, like me

This place is up for grabs, I give to you for free
This give is such a tux, so take what you please

Everyday is like this, no one gets nowhere
Everyone is like this, no one gets nothing like you, like me
Like you, like me
