

Devil's Reject

Torture Killer

the sun ha set, these pits are rat infested
no light, no hope - this will be slow and painful
savage feeding - entire floor is moving
cramping, twitching - eaten alive and screaming
nothing haunts me, your death does not effect me
watching, waiting - to see your life collapsing

i am observing - impressive ways of dying
killing... inflicting the most intense suffering

SUFFER

i am the revenge

i am the revenge

am i so fucked in the head that the devil himself rejects?

your will is law, thy will be done

let me prove my essence among the human scum

i am the revenge

i am the revenge

i am so fucked in the head that the devil himself respects
