

Succumb To Dark

Torture Killer

Darkness blinds the bleeding eyes
Unreal horror descends
Visions of torment
Agonize mortal souls
Unleashed abomination
Tears uncovered flesh
From the depths above the ground
To suffocate all existence

Godly might of damnation
Obsession by putrefaction
I abhor your flesh
Adore the rotten stench
Possessed by the lust of blood
I'll feast upon your body
Succumb to dark
Perpetual darkness sets in

Eternal damnation
Suffering visions I see
Sacrifice bleeding flesh
To summon the powers below
Enter unholy domain
Pleasure of dead body
Grows my lustful greed

Into the darkest realm
You've been damned
Suffer - All life despised
Demigod the lord of darkness
Ruler from below
Scorn your mortal soul

Eternal damnations
Suffering visions I see
Sacrifice bleeding flesh
To summon the powers below
Enter unholy domain
Pleasure of dead body
Grows my lustful greed
