

Man Behind The Mask

Torture Squad

"Father Joseph, what's going on?
What's the matter with you?"

"I can't stand living in this chaos anymore!"

"What do you mean?"

"I need to confess..."

"Father Joseph, just tell me what happened to you and then God will wash you
sins away...
Don't worry brother. The holy church will keep this matter as a secret... I
promise you..."

Legions of demons tormenting my head
Screaming and shouting in a living nightmare
Restless pain and depression
Hear me crying disturbed in
Questions
Obsessions
Preaching false confessions
I can feel the consequences of my actions

Choices come to grieve
Feeding a false belief
I'm stagnant, stiff

Violation of sacred convictions
In the name of profane blasphemy
Satisfy my secret desire
I feel my body burns in
Fire
And higher
I'm a live wire
Shadows ruling me in my black desire
Monster is my name
Deep inside insane
My life was a terrible mistake

Lost... and poor.
In the dark... so cruel
Living in disgrace... I feel
All my life... stands still

Man behind the mask

Secrets about my libertine past
Revealing behind that innocent mask

Rites of pure depravity
Of a righteous soul being dissolved in
Lechery
Carnality
Double personality
Like Jackyl and Hyde, I'm a tragic fatality
Faith left behind
What's happening to my mind?

Sick desires make me blind

Lost... and poor.

In the dark... so cruel

Living in disgrace... I feel

All my life... stands still

Lost poor dark cruel

Lost...

Sickly desires make me blind

Poor...

What's happening to my mind?

Dark...

Faith thrown onto the fucking ground

Cruel

Where is the sacred truth?

"Kneel down before the Holy Christ and He will forgive all your sins..."
