

# Ballad of a Badman

Tory Lanez

Ooh, you got me  
Ooh, you got me  
Ooh, you got me  
Ooh, you got me

You have to leave, just stay for a while  
The longer you stay, the better the time  
You listen to your friends, they lie  
I don't mind, I don't mind  
Feelings get caught up in the mind  
A shooting star pass by my eye  
When I don't know just what to do  
She won't blow my high

Don't you stop turning me on (Ooh, you got me)  
I wanna feel like this all night long (Ooh, you got me)  
Don't you stop turning me on (Don't you stop turning me on, ooh, you got me)  
I wanna feel like this all night long (Feel like this all night long)  
(Turnin' me on)  
(All night long)

You wanna stay, just stay for long  
'Cause you got the sweetest touch I know  
You might just dance with them other guys  
But I don't mind, I know you're mine  
I don't care just what they say  
Lovin' you long takes the pain away  
So when you look me in my eyes  
Will you take some time?  
Don't you stop turning me on (Ooh, you got me)  
I wanna feel like this all night long (Ooh, you got me)  
Don't you stop turning me on (Don't you stop turning me on, ooh, you got me)  
I wanna feel like this all night long (Feel like this all night long)

(Turnin' me on)  
(All night long)

It's just, I can't fight this feeling  
Woah, oh-oh, ooh-woah, yeah  
Ooh-woah, oh, oh  
Yeah, yeah  
I can't fight this feeling  
Woah, ooh-woah, oh, woah, ooh, yeah  
Don't fight this feeling  
Don't fight this feeling, ooh-woah, ooh-ooh, woah, oh

Don't you stop turning me on (Don't you stop turning me on, ooh, you got me)  
I wanna feel like this all night long (Feel like this for oh so long)  
Don't you stop turning me on (Don't you stop turning me on, ooh, you got me)  
I wanna feel like this all night long (Feel like this all night long)  
Don't you stop turning me on (Turning me on)  
I wanna feel like this all night long (All night long)  
Don't you stop turning me on (Ooh, you got me)  
I wanna feel like this all night long (Ooh, you got me)  
Don't you stop turning me on (Don't you stop turning me on, ooh, you got me)  
I wanna feel like this all night long (Ooh, you got me)  
Don't you stop turning me on (Ooh, you got me)

Feel like this all night long (Ooh, you got me)  
Don't you stop turning me on (Ooh, you got me)  
Feel like this all night long (Ooh, you got me)
