Blame My Ex

Tory Lanez

Every girl that I end up with
Started on some love shit
Ended on some rough shit, I know that I fucked it
Up, when I did dumb shit, plus we were both rushing
We don't know what love is (No... No)
So if your gone' kick me out, then fucking kick me out
I got a condo in Toronto
Lonelier then ever,
If you wonder why I do em' wrong...
Blame my ex, blame my ex, blame my ex, blame my (oooo oo)
The reason I'm dying in this song
Blame my ex, blame my ex, blame my ex, blame my (oooo oo)

I just met this new girl, said her name is Cindy
She could be good for me
I can't let her tempt me
I know what I want (yeah) she know too (yeah)
We gone' do, what we gone' do
Baby girl your sexy...
Wanna' get...
All over your bed sheets, then I'm gone in the morning

If you wonder why I do em' wrong...
Blame my ex, blame my ex, blame my ex, blame my (oooo oo)
The reason I'm dying in this song
Blame my ex, blame my ex, blame my ex, blame my (oooo oo)
