

## Cut Me Off

Tory Lanez

Please don't cut me off, know you got the sauce  
You've been fuckin' with me so long that it's rubbin' off  
Please don't cut me off, know I did you wrong  
You've been fuckin' with me so long that it's rubbin' off

Baby, I'ma pull up on ya late night, you know I'm crazy  
Pull up in that brand new thang, you know it's Swayze  
Say it's something cliché, fuck you, pay me  
Playin' with that, I'ma fuck you crazy  
Don't you cut me off, just love it off  
Fuck you while in love, hit the Jimmy run it up  
He so clean, shawty wanna suck me off  
Ooh, we done done it all  
We done done it all

Please don't cut me off, know you got the sauce  
You've been fuckin' with me so long that it's rubbin' off  
Please don't cut me off, know I did you wrong  
You've been fuckin' with me so long that it's rubbin' off

She say I do too much drugs, got too much tings  
Cut the bitch off and cut the lean  
Kick the bitch out, tryna keep my rings  
Switchin' my line, my phone don't ring  
Bad bitches wanna be my ting  
Drop-drop top, give the top to the king  
Post straight drop while poppin' with the bean  
Racks so big, can't fit in my jeans  
Turn it to the boss out while on a B  
Bitch, you ain't heard? Don't mess with me  
One phone call, three casualties  
I spend 20 racks casually  
There's nobody I'd rather be  
I don't wanna hear compares 'bout me  
There's a couple girls I'd rather see  
Better cut me off while you count on me

Please don't cut me off, know you got the sauce  
You've been fuckin' with me so long that it's rubbin' off  
Please don't cut me off, know I did you wrong  
You've been fuckin' with me so long that it's rubbin' off
