Do not disturb me
Know you thirsty ass bitches gon' be thirsty
Know you hating ass niggas wanna murk me
All of my exes don't deserve me
Curve them same way them bitches curved me

Red and purple Vince Carter on the jersey
Keep a bad lil' mamacita looking curvy
My 40 Glock Milly rocking, it's moving sturdy
If she ain't fucking me proper, I do her dirty
'Bout to fuck this older chick, she in her 30s
Keep an FN and a stick for every journey
You want this dick, lil' mama, you gotta earn it
Phone airplane mode
Don't disturb me
Walk in Birkin and I'm telling my lil' bitch to ball
All that low money budget shit turn my bitches off
She gotta taste of the sauce, look how it drip baby
She see a young nigga balling

Do not disturb me
Know you thirsty ass bitches gon' be thirsty
Know you hating ass niggas wanna murk me
All of my exes don't deserve me
Curve them same way them bitches curved me

And you heard me
Took my style and now you need to reimburse me
I see the police
They wanna serve me
But none of that fuck shit don't concern me, go head
Drop that ass
Pop the tag
The bag Chanel
She got to brag
She got a man
She cuffed, my bad
She let me touch It
Latoya Lockett
Aye, Lambo doors, gave 'em no mercy
She don't smoke with me, but she take a perky
I'm bout to wax lil' mama, my vision blurry
Phone airplane mode

Do not disturb me
Know you thirsty ass bitches gon' be thirsty
Know you hating ass niggas wanna murk me
All of my exes don't deserve me
Curve them same way them bitches curved me
