

Highschool Memories

Tory Lanez

Let's leave the past behind the master mind of love
Tryin to enjoy the moments that I won't get again
After graduation when time goes past remember me for long
Where do our highschool memories go
Where do our highschool memories go
Where do they go oh oh, oh,
You know what I'm sayin
She coming down real clean on em shit

Memories are just wrong, me and my nigga holdin
Smokin loud in the parkin lot tryin to chap teens and enroll
Little niggas just gettin it
Pool party we dip in it
17 and I'm extra leaning and no model chick stand next to me
I'm in there, swimming wear
Til lights out and it's dim next
Cause my niggas sayin it's fuck that
I hit the jam and take bus back
Nigga 9th grade was all that
Skippin class with no hall pass
I had a crush on lil Kiki
But that damn girl ain't never call back
And we so young, young
Need you lie we get higher then a fuckin tube sock
We hit the west 2Pac
And I wish I can get this fucking bitches in cause they go

Let's leave the past behind the master mind of love
Tryin to enjoy the moments I won't get again
After graduation when time goes past remember me for long
Where do our highschool memories go
Where do our highschool memories go
Where do they go oh oh
Uh

Swavey

I remember tellin Keisha put that ass on the floor
Little nigga rolling
Whip stolen
Hands on my dope
I'm getting this cash tonight I'm gon smash
Fuck waitin debatin where we gon end up when it pass
We up in the lot
Some coming down
Losing you when you lying
Tune to Tuesday you buying
Star nigga o'Brian
Bad bitches on my end
Two 50 for the bus fare
I'm fresh as swave so it's fuck yeah
Don't take tha shit, don't talk shit
I hit the movie don't watch the shit
And that's young niggas we on loud,
Bagin chicks and smack a nigga calm down
Now niggas cause some troubles all now
Is this some movie sip the jan let me know if you down

Let's leave the past behind the master mind of love
Tryin to enjoy the moments I won't get again
After graduation when time goes past remember me for long
Where do our highschool memories go
Where do our highschool memories go
Where do they go oh oh

This for the city, this for the city of a thousand dreams
This for the city, this for the city of a thousand dreams

Let's leave the past behind the master mind of love
Tryin to enjoy the moments I won't get again
