

Leave a Light On

Totally Enormous Extinct Dinosaurs

Leave a light on for me
So I find you when I'm home
Leave a light on for me
So I find you when I'm home

It looks like you're gonna leave me
Won't you, won't you be lonely?
Don't you wanna lay
With me always? I know you do

Leave a light on for me
So I find you when I'm home
Leave a light on for me
So I find you when I'm home

It looks like you're gonna leave me
Won't you, won't you be lonely?
Don't you wanna lay
With me always? I know you do
It looks like you're gonna leave me
Won't you, won't you be lonely?
Don't you wanna lay
With me always? I know you do
