

## Promises

### Totally Enormous Extinct Dinosaurs

Go on, set fire  
Burn up my night  
Trouble with a closed hand  
This should be light  
It won't be long  
Be long until we're all too old  
Believe if you need to  
And take yourself higher  
And if I'm wrong  
You'll find me in the morning  
Believe if you need to  
And take yourself

Go on, set fire  
Burn up my night  
Trouble with a closed hand  
This should be light  
And if it all goes to your head  
Someone's going to stay by your side  
Show a little heart if you dare  
Promise me you'll try

Trouble with a closed hand
