

## Your Love

### Totally Enormous Extinct Dinosaurs

I know my world won't fall apart without you around  
Is my time, is my time to quit you now, its all over girl  
(your love)  
My world my world I can't give you, right now  
I'll be fine, I'll be fine don't you worry  
I'll be in the same world

Can't give it up, no, no, all I ever wanted was to be with you  
Feels good  
Just right  
Don't you leave me now, that the world is so hard
