

# Crazy for You

## Tower of Power

I used to feel  
So very sane  
So very clear  
Within my brain  
I never was the kind of guy  
Who would ever lose it  
Oh, no

But when you messed  
With my mind  
You know I crossed  
That invisible line  
And now I'm trippin' all the time  
Because I'm flippin'  
All the out

You got me going crazy  
Going crazy  
You got me going

I used to be  
So down to earth  
So rational  
For what its worth  
I never was the kind of guy  
Who could ever get on  
On 's way out

The things you do  
Drive me berserk  
And I can see  
It'll take some work  
I'm diggin' what you do to me  
Still I'm wiggin'  
Oh way down, oh

You got me going crazy  
Going crazy

You got me going crazy  
Going crazy  
Got me going crazy, yeah, yeah

I know why  
I want you so much  
You got that look  
And you got the touch  
There's nothing left to prove  
Girl you move me  
And you groove me

You got me going crazy  
Going crazy  
...

Crazy, crazy babe  
(Crazy for you)

Yeah, going crazy  
(Crazy for you)  
...
