

## If It's Tea Give Me Coffee

Tower of Power

If it's tea, give me coffee  
If it's coffee, give me tea  
I might become progressive  
So there's less inequity  
Still I hate paying taxes  
So I might go G.O.P.  
But if it's tea, give me coffee  
If it's coffee, give me tea

If it's tea, give me coffee  
If it's coffee, give me tea  
I might believe that social justice is the way  
It's meant to be  
Still I'm hoping to get rich  
I might go G.O.P.  
But if it's tea, give me coffee  
If it's coffee, give me tea

Even if it's not a party  
Even if it's just a clutch  
If you can't tell the difference  
I wanna know how you gonna mix and match

If it's tea, give me coffee  
If it's coffee, give me tea  
I might become progressive  
For accountability  
Still I hate that bloated government  
So I might go G.O.P.  
If it's tea, give me coffee  
If it's coffee, give me tea

Even if it's wishful thinking  
Even if it's fantasyland  
Someone's got to pay the tab  
That's not so hard to understand

If it's tea, give me coffee  
If it's coffee, give me tea  
I might become progressive  
So there's less inequity  
Still I hate paying taxes  
So I might go G.O.P.  
But if it's tea, give me coffee  
If it's coffee, give me tea

(Tea, give me coffee)  
Come on  
(Coffee, give me tea)  
Said if it's tea, give me coffee  
If it's coffee, give me tea  
(Tea, give me coffee  
Coffee, give me tea)  
Said if it's tea, give me coffee  
If it's coffee, give me tea  
(Tea, give me coffee)  
Alright

(Coffee, give me tea)  
If it's tea, give me coffee  
If it's coffee, give me tea
