

# If You Wanna Be a Winner

**Tower of Power**

If you wanna be a winner  
You gotta get on up and  
You better get on down  
If you wanna be a winner  
You gotta get on up and  
You better get on down

Do the do like you know you're supposed to do  
Try to be all that you can be  
Don't stray to the left just keep moving towards the right  
Live your life unselfishly

If you wanna be a winner  
You gotta get on up and  
You better get on down  
If you wanna be a winner  
You gotta get on up and  
You better get on down

Here's a tip you gotta do more than move your hips  
Don't let life just pass you by  
It's an inside job cuz the outside world will bring you down  
There's no success if you don't try try try

If you wanna be a winner  
You gotta get on up and  
You better get on down  
If you wanna be a winner  
You gotta get on up and  
You better get on down  
If you wanna be a winner  
You gotta get on up and  
You better get on down  
If you wanna be a winner  
You gotta get on up and  
You better get on down
