

# Maybe It'll Rub Off

Tower of Power

(Maybe it'll rub off)  
This feeling that we got  
(Maybe it'll rub off)  
Just might decide to get hot  
(Maybe it'll rub off)  
This here jungle beat  
(Maybe it'll rub off)  
Make you slip on out your seat

Just might rub off  
Just might rub off

(Maybe it'll rub off)  
This music that we feel  
(Maybe it'll rub off)  
Just might have mass appeal  
(Maybe it'll rub off)  
This so called pagan rhythm  
(Maybe it'll rub off)  
Just might decide to get with 'em

Just might rub off  
Just might rub off

It might seem strange to some of you  
But it's a well known fact  
We have compensated for  
The pigment that we lacked  
We always dug on rhythm and blues  
We ain't putting on no act  
So open up your mind  
Open up your eyes and ears  
And then to your surprise  
It may be more than it appears

(Maybe it'll rub off)  
This groove is gonna set you straight now  
(Maybe it'll rub off)  
Not too late to skate and gyrate  
(Maybe it'll rub off)  
Unless rubbing is a sin  
And if it don't rub off  
We're gonna rub it in, yeah

Just might rub off  
Just might rub off  
This music we feel  
Is so for real  
...
