

# Taxed to the Max

## Tower of Power

Politicians promise all they can  
To get elected, to make a better land  
In a smoke filled room, they're makin' all their plans  
But when the smoke gets clear, you know it's just a scam

I'm just an average ordinary kind of guy  
Punchin' in at nine, punchin' out at five  
Doing all I can to pay the bills on time  
No matter how hard I try, I just can't get by

Taxed to the max, but we can't get the facts  
They just tell us what they think we ought to know  
(We get) taxed to the max, but we don't get it back  
Someone tell me where the money really goes

Weapon systems, national defense  
Vested interests, it doesn't make no sense  
What we think we get, ain't always what we get  
They keep raising all our taxes, but we get deeper, deeper in debt

I'm just an average ordinary kind of man  
Slightly underpaid, tryin' to understand  
No matter what I make it's never quite enough  
I want to do my share, but it just ain't fair

Taxed to the max, but we can't get the facts  
They just tell us what they think we ought to know  
(We get) taxed to the max, but we don't get it back  
Someone tell me where the money really goes

Taxed to the max, but we can't get the facts  
They just tell us what they think we ought to know  
(We get) taxed to the max, but we don't get it back  
Someone tell me where the money really goes
