

## Bestial Invasion

### Toxic Holocaust

early morning, mankind sleeps  
there's a roaring in the air  
inpenetrable fog

thunder rolls and lightning strikes  
hell storms ,rush over the earth  
but there's no rain

hell storms ,rush over the earth  
Bestial Invasion

fog cleared up, people scream  
they won't believe that the evil takes control

hell storms ,rush over the earth  
Bestial Invasion

your time is out, obsession spreads  
death rules, Satan's law is in command

Jesus Christ exists no longer  
you better pray to the new lord  
cause he's almighty obey him
