

Hell on Earth

Toxic Holocaust

You feared the worst
its coming to
its rampant in the streets.
See them there
everywhere
bleeding and still screaming.
A bomb will drop to save us all
to end this time in hell.
And now the worst, the???
So sound the final bell.

It's hell on earth
It's hell on earth

Curse of fear
from the tombs
the final sign is shown
Take a gasp
One last breath
and beg to see the end.???
Take a look
To the sky
Cause death will take you all

It's hell on earth
It's hell on earth
