

Metallic Crucifixion

Toxic Holocaust

Riding fast over the edge every fucking night
Sick, Sick, Kill again, it makes me feel alright
Drink it up, take it down, help me from my fix
Speed metal! Turn it up! Gin 666

Hard and Hell, blood and guts, lots of fucking sound
Desecrate, fuck it up, destroy your faith in God
Burn in Hell, Satan's spell, the devil speaks through me
Drinking blood, fucking slaughter, another casualty

Men of God in single file to evil metal death
Cursing your fucking god with a crucifix

Hard and Hell, blood and guts, lots of fucking sound
Desecrate, fuck it up, destroy your faith in God
Burn in Hell, Satan's spell, the devil speaks through me
Drinking blood, fucking slaughter, another casualty

Men of God in single file to evil metal death
Cursing your fucking god with a crucifix

Go!

Riding fast over the edge every fucking night
Sick, Sick, Kill again, it makes me feel alright
Drink it up, take it down, help me from my fix
Speed metal! Turn it up! Gin 666

Men of God in single file to evil metal death
Cursing your fucking god with a crucifix
