

4 Guys

Toxique

There are four guys in our band
Well I'm the only sister
Yeah, sometimes they're teasing me
Calling me mum or Mister
There are four guys in our band
Really stand up guys
But don't trust them, little girls!
They're masters of white lies

Oh boys, you found me
Don't go away, please stay
Oh boys, you found me
Don't go away, please stay

There are four guys in our band
Kidding with each other
In the fog of "Demi Brut"
Forget to call me mother
If we're watching DVDs
In our tuned-up van
Cloverfield is not a film
Where I'd press "Play", man

Oh boys, you found me
Don't go away, please stay
Oh boys, you found me
Don't go away, please stay

They are four and I am one

First is mine, second is digger
Third is mellow and fourth?
Just don't play "Truth or Dare" with him

Oh boys, you found me
Don't go away, please stay
Oh boys, you found me
Don't go away, please stay
