

Honey, I know our love will save us
Honey, I want you look at me
Honey, I want you to tell me that we're
Gona be free
Honey, you wanna live here forever
Honey, aren't you the one who said that it is
Funny how we are treated here and so why
Should we wait

I'd like to climb up the palm tree
Live in the open forest
Make love to you but
Not infront of those voyers (here)

Baby, do you think we can be completly
Happy, in the place where our future isn't
Sunny, I'm not so sure that we can
Spent our life in here
Sweetie, I have a strong desire
Honey, I want you to know I don't care about
Money, I'm able to ramble all my life
Only with you

Romantic life is
Waiting for us
I truly need you baby
You're lovin' me
I'm lovin' you

Honey, think about our future
Honey, one day I want to have a little"
Baby, and I want him to be free and not
Behind those bars
Honey, I know our love will save us
Honey, I want you look at me
Honey, I want you to tell me that we're
Gona be free

What'ya say my Honey?
