

My Dear

Toxique

Your love is like a fire my love is like a cigarette
You light up my bitter live and I was satisfiend
Fever is all around us I hope our love will never end
Never, because I love you and I will love you till I die

So many nights so many mornings
So many smiles, end without no warning
We were too young
You wanted more
I felt drunk
Who's at fault?

Hey Babe come and listen to me
Just for a while
I don't want to see you again for the rest of my life
There's a sentence on my mind
I would like to spell
Well my dear please go to hell

Oh I feel so lonely since've you left me boy
But I hate you for what you've done, it left me no joy
If I meet you again I'll kick you in the ass
Oh, that feelin' what I feel, that's not happiness
Ain't no mountain high enough
Ain't no river so deep
We were together and now I'm alone
You broke my heard you wantend more
I felt drunk
Who's at fault?
