

# What You Say

Toxique

What you say, what you say, what you say

First time it made us burning  
Our brains were going wild  
We felt no one can take it  
And slowly closed our eyes  
Why we didn't know better  
The danger of its pride  
Maybe we should feel stronger  
Words we've spoken

You said: Hey, hey girl  
I said: What, what boy  
You said: Looking for a date  
I said: I don't know  
You said: Hey, hey girl  
I said: What, what boy  
I wanna take you for a date  
Oh well, I don't know  
What you say, what you say, what you say

Last fall... we haven't fallen  
In one... each others arms  
Things had become a bit boring  
Our memories are fading  
Usually when you meet someone  
Who touches your desire  
It gives you something to care for  
Well anyway- we didnt try

You said: Hey, hey girl  
I said: What, what boy  
You said: Looking for a date  
I said: I don't know  
You said: Hey, hey girl  
I said: What, what boy  
I wanna take you for a date  
Oh well, I don't know

We can not fight our destiny  
We can not pack and run away  
We can not fight, just let it be  
We can not fight love

You said: Hey, hey girl  
I said: What, what boy  
You said: Looking for a date  
I said: I don't know  
You said: Hey, hey girl  
I said: What, what boy  
I wanna take you for a date  
Oh well, I don't know  
What you say, what you say, what you say
