

# Winter In Wonderland

Toyah

(Willcox / Beggs / Askew)

Winter equator  
Footprints in the snow  
Alone in my thoughts  
Nowhere to go  
I once had a dreamer  
A medicine man  
Hand in hand  
In Wonderland

I need devotion  
Need the light in his eyes  
I need his heartbeat next to mine  
I need motion  
Need to dance by his side  
I need his footprints next to mine

You cannot hide  
You cannot sleep  
You cannot heat  
You can't retreat  
You give yourself  
You cannot receive  
You cannot leave  
It's winter in Wonderland

The leaves fallen  
The lights golden  
One step forward  
Another step away  
Weep heart, weep  
May fly sleep  
The sun's hiding  
Crying in the night.
