

# Watch the World End

Trace Adkins

I had a bad dream last night  
The whole world was ending  
Right before my eyes  
There were fires and there were floods  
And everyone was running out of time  
Made me wonder what I'd do  
If we really came to the end of the life

I don't think I'd spend my last hours at an altar  
Or somewhere making toasts to good old days  
The more I think about it  
All I'd really wanna do  
Is watch the world end with you

I'd lay down in a field by your side  
And watch every star fallin out of the sky  
And I'd steel a kiss from your sweet lips  
One last time  
And I wouldn't be afraid  
As long as your hand was in mine

I don't think I'd spend my last hours at an altar  
Or somewhere making toasts to good old days  
The more I think about it  
All I'd really wanna do  
Is watch the world end with you

Watch it end  
Watch it end with you

I don't think I'd spend my last hours at an altar  
Or somewhere making toasts to good old days  
The more I think about it  
All I'd really wanna do  
Is watch the world end with you

I'd watch the world end with you

With you

Watch it end (7x)  
With you
