

## Little By Little

Tracey Ullman

Little by little by little by little by little  
Little by little by little by little by little  
You're messing up my life, tearing me apart  
Breaking up my world and I'm giving up my heart  
Little by little by little by little  
I'm losing all my pride, it's really getting bad  
Hurting deep inside is a-making me go mad  
Little by little by little by little  
Little by little, bit by bit  
I'm going crazy and you're causing it  
Little by little, bit by bit  
I should stop caring but my love won't quit  
Little by little by little by little by little  
Little by little by little by little by little  
I don't know where to turn, don't know what to do  
I'm walking on thin ice and it seems I'm falling through  
Little by little by little by little  
Little by little, bit by bit  
I'm going crazy and you're causing it  
Little by little, bit by bit  
I should stop caring but my love won't quit  
I'm the queen of fools, know the deck is stacked  
On a losing streak but I'm a-gonna get you back  
Little by little by little by little  
Little by little by little by little by little  
Little by little by little by little by little  
Little by little by little by little by little  
Little by little by little by little by little  
Little by little by little by little by little
