

Oh, What a Night

Tracey Ullman

Oh, what a night (To love you dear)
Oh, what a night (To hold you near)
Oh, what a night (To squeeze you dear)
That's why I love you so
Oh, what a night (To love you dear)
Oh, what a night (To want you near)
Oh, what a night (To kiss you dear)
That's why I love you so

I won't forget all those things you have done to me
Things that my heart won't let me forget your love
Oh, what a night (To love you dear)
Oh, what a night (To hold you near)
Oh, what a night (To squeeze you dear)
That's why I love you so

I won't forget all those things you have done to me
Things that my heart won't let me forget your love
Oh, what a night (To love you dear)
Oh, what a night (To hold you near)
Oh, what a night (To squeeze you dear)
That's why I love you so

Oh, what a night (To love you dear)
Oh, what a night (To hold you near)
Oh, what a night (To squeeze you dear)
That's why I love you so
Oh, what a night, oh, what a night, oh, what a night
That's why I love you so
Oh, what a night (To hold you near)
Oh, what a night (To love you dear)
Oh, what a night (To squeeze you dear)
