

## Are You Behind the Shining Star?

Trampled by Turtles

Are you behind the shining star?  
Am I as hopeless as you are?  
Well I'm sleepless in my better nights  
You promised that you wouldn't fight  
Stay where we are

Busted paraded starve the band  
You know I'm not that kind of man  
But you were better when you couldn't lie  
Apparently we're out of time  
I've had all I can stand

I can't hold on  
I'm falling  
Yeah I'm falling down

Are you behind the blinding light?  
Strung out and stranded every night  
There were places that I couldn't find  
And pieces that were out of line  
Just tell me I'm alright

I can't hold on  
I'm falling  
Yeah I'm falling  
I can't hold on  
I'm falling  
Yeah I'm falling down
