

## High Water

### Trampled by Turtles

It survives  
I think it's nice  
To drive around till you're blind

Young and old  
Scared or bold  
You're what you want with your time

I wanna go sorry  
Well I, I'm sorry too

Right or wrong  
Which side I'm on  
The earth won't ever let it slide

Lonesome man  
He's got a plan  
To end it all before his time

I wanna go sorry  
Well I, I'm sorry too.
